Hi Lisa,

Can you send Kurt's slides to me and David and the most recent version of Ron's too when you can? We are talking to the state tomorrow morning, but they sent this today. I hope you got home alright.

Thanks, Michele

Thanks Rob. I will take a look at these slides. I look forward to our discussion tomorrow.

Again, the call-in information for tomorrow is

David and Scott:

Please find attached a draft PowerPoint presentation for the Aquifer Exemption workshops. I am still working on the slides, as they are too wordy. My plan is to cut this down, but place a more detailed document on our website after the first workshop. There is a lot of information to get out to folks, and using PowerPoint alone will not cut it. I'm sending this your way so that you have an idea of where I was headed. My thought is that we would conduct the workshop by providing the audience with information regarding the different agencies in the order the data/application will be processed. Even though there is information each of your organizations will be addressing, I will cover what the Division will be looking at. I am planning on holding off questions regarding the specific details until the different agencies have an opportunity to explain in more detail their requirements. All this is flexible and I hope this can be a starting point to our discussions tomorrow.

Thanks,

Rob
